Nevo

AN **ELEGANT DESIGN FOR** INTELLIGENT GRADE 1 BURGLARY-RESISTANT **PROTECTION**

INTELLIGENT BY **DESIGN**

NEVO is the first EN 1143-1-certified, ergonomic safe with an automated opening and locking system on the market today. The handle-free design offers quick and easy access to valuables. Positioned on top of the door, the keypad lock features a grip height that provides optimal comfort: see and enter the code in a standing position without having to bend down. The higher, shallow design means less reaching.

BEST-IN-CLASS **PROTECTION**

NEVO has been approved Grade 1 burglary protection certified by ECB•S, in accordance with the European standard, EN 1143-1. The high-security electronic lock is tested by ECB•S and certified in accordance with the EN 1300 standard, and includes the following features:

- 1 master code, 1 supervisor code and 7+ user codes
- A Time delay of up to 99 minutes between lock being operated and door being opened. Also equipped with time-delay override
- Silent alarm is raised if lock is being forcibly opened
- Open and close signal

ELEGANCE AT ITS BEST

NEVO is one of the most elegant safes on the market today. The high-quality, satin-textured polyurethane paint finish provides a polished look. The rounded, chamfered edges add a luxurious touch. Customisable options include leather or colour panels. One fixed shelf is offered standard on all models.

Fichet-Bauche

Class B high-security electronic lock, approved in accordance with **EN 1300.**

Grade 1 burglary protection certified by the European Certification Board of Security (ECB•S) in accordance with the European standard, EN 1143-1.

Automated opening and locking system with keypad lock placement at the top of door.
